1. EXECUTIVE SUMMARY

Creative Mark is pleased to present this comprehensive proposal for the development of a feature-rich Alumni Website. This platform will serve as a central hub for your alumni community — enabling registration, networking, event participation, and seamless communication.

Our solution leverages to deliver a scalable, secure, and mobile-friendly portal tailored for Indian alumni networks.

2. PROJECT OBJECTIVES

- Build a professional, responsive alumni portal accessible from any device
- Enable structured alumni registration with admin-controlled approval flow
- Provide a searchable alumni directory with rich profile pages
- Create community features — forums, events, announcements
- Email notifications for registration, approval, and payments
- Ensure data security, scalability, and long-term maintainability

3. CORE FEATURES

#	Feature	Description
01	User Registration & Approval	Custom frontend registration form with fields: Name, Batch, Course, Company, Location, Phone. Admin approves or rejects before activation.
02	Role-Based Access Control	Roles: Admin, Verified Alumni, Pending Users. Directory & content access restricted by role.
03	Alumni Directory & Search	Search by Name, Batch, Location. Advanced filters & sorting. Profile pages for each alumnus.
04	Alumni Profiles	Profile, bio, professional details, social links (LinkedIn etc.), optional privacy controls.
05	Community Features	Announcements board, events (reunions, webinars), optional messaging system.
06	Admin Dashboard	Approve/reject users, view payments, export alumni data (CSV/Excel), analytics on registrations & engagement.
07	Payment Gateway, Notifications System	Emails for: registration received, approval/rejection, payment confirmation, event announcements.
08	Mobile-Friendly Design	Fully responsive design optimised for smartphones — the primary device for most alumni.

4. RECOMMENDED TECH STACK

Core Platform

- Frontend -**Next.js 15 (React)**, Tailwind CSS v4
- Backend -**Node.js**
- Database – **Postgres Cloud Base Database – Supabase/ Firebase**

User Management & Directory

- Ultimate Member OR Member Press — for user roles, profiles, and access control
- Search Advanced alumni directory search and filtering

Forms & Registration

- Custom designed Forms

Events

- The Events Calendar — manage reunions, webinars, meetups

Email Automation

- Resend integration for automated transactional emails and email verification (OTP).

5. PLATFORM ARCHITECTURE
